

THE SIGNED TEAM

ASHTON LEVY-PARK

FOUNDER

Oracle Consultant, entrepreneur, and the creator of Signed.Trade. Ashton is the driving force behind Signed's innovative contributions to the music industry and is solely responsible for the inception and growth over the last two years.

VICTOR OMOLAYO

HEAD OF SOFTWARE DEVELOPMENT

Victor is a skilled full-stack developer with a passion for technology and a knack for problem-solving. He has a strong background in front-end and back-end development, and thrives on creating elegant and efficient solutions for a wide range of enterprising clients.

JESSE JONES

BLOCKCHAIN DEVELOPMENT

Jesse is a visionary blockchain developer and the brilliant mind behind Sidekick.finance, as well as the architect of Signed's infrastructure. With a deep understanding of decentralized technologies, Jesse has dedicated his career to revolutionizing the world of finance through blockchain innovation.
